

## MANMADE ponds are influenced by many environmental factors

Pond water needs to be more than just clean. The right oxygen, carbon dioxide and nutrient levels make it the medium to support a healthy habitat for plants and animals.

As a complex ecosystem, a garden pond sometimes requires a little help in order to maintain its balance. Rainfall, sunshine, dust and leaves all influence the water environment.

With OASE aqua activ the balance can be restored quickly and without harming the plant or animal life.

### Clarity – Produces & maintains crystal clear pond water

- Clears pond water without affecting pH balance.
- Contains no algaecides.
- Safe for all pond fish & plants.
- Phosphate & nitrate free.

**16 fl. oz. (473 ml)**

**Part Number 88740**

**MSRP CDN \$ 19.98**

### Clean pond – Improve water quality

- Designed for established ponds.
- Clears ponds of brown and yellow stains.
- Removes winter sludge.
- Phosphate & nitrate free.

**16 fl. oz. (473 ml)**

**Part Number 88743**

**MSRP CDN \$ 19.98**

### Pond pH Minus – pH reducer for ponds

- Safely lowers pH of tap or pond water.
- Reduces alkalinity from concrete ponds, alkaline rocks or waterfalls.
- Required for most new ponds.

**16 fl. oz. (473 ml)**

**Part Number 88741**

**MSRP CDN \$ 13.98**

### Microbe Balance – General purpose Microbial treatment for ponds

- Facilitates breakdown of ammonia, nitrite & organic matter without chemicals.
- Helps clarify cloudy or murky water.
- Phosphate & nitrate free.
- Nonpathogenic live bacteria.

**16 fl. oz. (473 ml)**

**Part Number 88739**

**MSRP CDN \$ 19.98**

### Water Prep Plus – Chlorine & Ammonia neutralizer

- Instantly prepares tap water for fish and plants!
- Breaks apart chloramines & neutralizes chlorine & ammonia.
- Much more effective than bacteria.

**16 fl. oz. (473 ml)**

**Part Number 88748**

**MSRP CDN \$ 18.98**

## Pondlith

- Zeolite-based granules
- Reduces harmful substances (ammonia) and counteracts murky pond water.
- It is also ideal as a filter material
- 1 pack is suitable for 660 gal.

Pondlith	
Dimensions/ Container (LxWxH)	7.9 x 7.9 x 4.7
Effective period after first use	125 days
Grain size	3/8 in.
Weight in kg	5.7 lbs
<b>Part Number</b>	<b>54333</b>
<b>MSRP</b>	<b>CDN \$ 24.98</b>

### Optimal quantity:

Ponds without fish stock 1 1/2 packs per 1000 gal.

Ponds with fish stock 3 packs per 1000 gal.

Ponds with koi stock 6 packs per 1000 gal.

## OASE aqua activ Quickstick

- The OASE aqua activ Quickstick enables quick and easy determination of the 5 most important water quality parameters (pH, total hardness, carbonate hardness, nitrite, nitrate)

### OASE aqua activ test set

**Part Number 36986**

**MSRP CDN \$ 49.98**
