

## MARLEX STREET ELBOWS

The term "Stepless" refers to the absence of steps or gaps on the inner circumference of the clamp. The ingenious Stepless® design provides uniform compression and a 360° seal

Order No.	Description	List
412-006	1/2" MARLEX STREET EL	\$0.37
412-008	3/4" MARLEX STREET EL	\$1.05
412-009	1" MARLEX STREET EL	\$2.52
412-101	3/4" X 1/2" MARLEX STR EL	\$1.61

## PRE-MADE SWING JOINTS

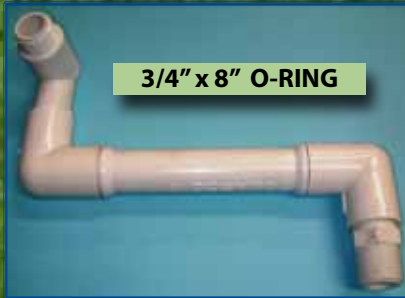

1/2" x 6"

Order No.	Description	List
SWJ-005	1/2" POLY SWING JOINT	\$1.83
SWJ-007	3/4" O-RING SWING JOINT	\$38.00
SWJ-010	1" O-RING SWING JOINT	\$43.22

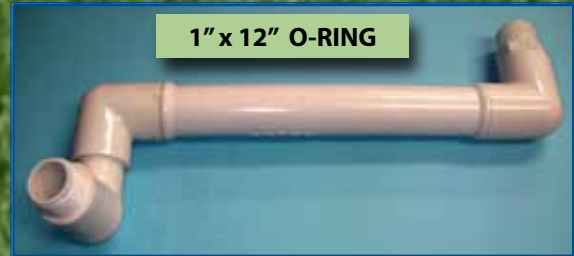

Swing Joints allow you to adjust the height of a sprinkler without disturbing the pipe. It also acts like a shock absorber reducing damage to pipe if the sprinkler is stepped on or driven over.

O-Ring Swing Joints can handle constant pressure making them ideal for items like Quick Coupling Valves

3/4" x 8" O-RING

Pre-lubricated double O-ring seal at Butress threaded joints provides both positive, leak-free sealing and protection from joint damage due to entry of sand, dirt and debris.

1" x 12" O-RING

## SWING PIPE AND FITTINGS

Order No.	Description	List
